*Hello Friends and Associates:*

*As this journey takes me onward and upward, I would like you to come along for a wonderful and fulfilling experience. The National Society of American Business owners, publishers of 'Wealth Creation' magazine, gives us grassroots businesses tools that compliment our efforts to achieve greatness and sustainable business success. I am a feature cover story in their Summer/Fall 2007 Special Edition of 'Wealth Creation' magazine.*

*I invite you to learn more about me and my endeavors, since coming to the United States from Guyana. Likewise, I would like to learn more about you. Contact me for more information or copies of my Special Edition 'Wealth Creation' magazine.*
